SUMMARY

UI/UX Designer with a Bachelor's in Human-Computer Interaction from Umm Al-Qura University. Experienced in designing and building user-centered Arabic and bilingual products — from UX research and Figma prototypes to live websites and Flutter apps.

EXPERIENCE

Technical Lead — Qoratayn Youth Association Jan 2026 – Aug 2026

Dammam, Saudi Arabia · View in portfolio

- Designed and built the association's full system: website, back end and an Arabic CMS dashboard.
- Enabled non-technical staff to manage all content without developer support.
- Delivered the project single-handedly, using AI-assisted development to speed up delivery.

IT Trainee (Cooperative Training) — Saudi Arabian Amiantit Company Mar 2025 – Jul 2025

- Provided Help Desk support for hardware, software and network issues.
- Assisted with server, user-account and network administration.
- Strengthened troubleshooting, documentation and teamwork skills in a corporate IT team.

PROJECTS

ScrapBid — B2B Auction Platform for Industrial Scrap Web · Mobile · Admin

- Bilingual auction marketplace: live bidding, verified business sign-up, seller workspace and admin console.

StudyBuddy — Academic Platform for University Students Graduation Project

- Courses, notes, meetings and an AI assistant in one place; designed in Figma, built with Flutter and PostgreSQL.

MindWell — Mental Health Mood-Tracking App Flutter

- Mood tracking and wellbeing support, fully Arabic RTL with Firebase Authentication.

Nusuk — UX Analysis & Apple Watch Companion Academic

- Crowd-heatmap UX study of the Nusuk app, plus an Apple Watch companion prototype.

Mister — AI Tutor App Brand Identity Personal Project

- Logo, mascot, color system and brand guidelines for a K-12 AI tutor app, designed in Figma.
